

# March 2017

## PRESIDENT'S MESSAGE:

Spring is upon us and the ladies of Forest Hill is getting all the help to beautify the neighborhood. Thanks to **Ingeborg McGlynn** with help of **Louise Bacigalupi, Kathe Farrell, Maria Elena Hanley, Toni Buckley, Anna Bolechowski, Nancy Hagosian** and our speaker from *Sloat Garden* nursery, we learned how to start planting and potting those colorful flowers. In second part of looking for spring, the Children Garden committee will host our next general meeting.

This month, **Cassidy Lundin** of *Terra Landscape* will present/discuss recommendations for replacement trees and sidewalk strip plantings throughout Forest Hill. Our neighborhood has numerous microclimates that often make the choice of trees and plantings difficult, which this talk will address these issues for us.

— *Sima Talai*
